

FORTIETH YEAR

BISMARCK, NORTH DAKOTA, FRIDAY, MARCH 10, 1922

PRICE FIVE CENTS

GOVERNOR NOT TO ENTER INTO SENATOR RACE

Says if he is Candidate at all it Will be for Re-election as Governor

STEEN IS TO RUN AGAIN

Kositzky May Seek Auditor Nomination—Most Officials to be Candidates Again

Asked today if he might enter the senatorial contest in North Dakota in the June primary, Governor A. A. Nestos authorized the statement that he is not a candidate and that if he is a candidate for any office it will be for re-election as governor. Many friends of Governor Nestos have urged that he enter the campaign for the senatorial nomination while others have insisted that he should be named again as a candidate for governor and stay in that position until he has carried out the program of reconstruction of the state's credit and business which was the basis of his campaign in the recall election.

Inquiries of all officials now in state offices in the state house brought forth information to the effect that virtually all of them either will be active or receptive candidates for nomination again.

State Treasurer—John Steen said that he expected to be a candidate for re-nomination. If he is a candidate and is elected in the fall election, he will not be a candidate two years from now, the law providing that the state treasurer may serve two consecutive terms but not more. Mr. Steen is one of the few independent officials who were nominated over league candidates in the 1920 primary.

Commissioner of Insurance S. A. Olsen and State Auditor D. C. Polinder, Nonpartisan, will accept the endorsement from a league convention if the league puts a ticket in the field, but do not expect to make an active fight for endorsement by a convention.

Secretary of State Thomas Hall is not prepared to say at this time whether or not he will be a candidate for any office. Attorney General Sveinbjorn Johnson, it is known, has not expected to serve as attorney general longer than to complete the term of William Lemke, who was defeated in the recall election. Commissioner of Agriculture and Labor J. A. Kitchen will be a candidate for nomination.

Miss Minnie Nielson, state superintendent of public instruction, said she had been "too busy to think about it." Justice L. E. Birdzell, of the supreme court, has authorized the announcement that he will be a candidate for re-nomination and election; Justice Robinson has indicated that he might be, and Justice Grace declined to say anything at this time on the subject.

In addition to these officials members of the railroad commission, three in number, are to be elected next fall. Frank Milhollan, chairman of the commission, said that his attitude was that he had been selected and endorsed as a candidate by the state federation of labor, and thus his action depended upon that body. If endorsed he will be a candidate; if not he won't. C. W. McDonnell and W. H. Stutsman were absent from the city on railroad commission matters. Some friends of Mr. Stutsman have proposed his candidacy for the supreme court.

Carl R. Kositzky, former state officer, made this statement today: "I am receiving quite a number of inquiries from friends of mine throughout the state, asking if I am going to be a candidate for state auditor. My answer has been 'so far as I know now I probably will be a candidate.'"

H. L. Stegner, of Bismarck, has announced his candidacy for the nomination for commissioner of insurance, and L. G. Wehe, member of the workmen's compensation bureau, may, it is reported, announce his candidacy for attorney general.

\$50,000 INJURY SUIT ON TRIAL

First Civil Case Called in Federal Court Here

Suit of Jacob J. Verburgh, of Bismarck, against the Beulah Coal Mining company for \$50,000 damages, was on trial in federal court here today before a jury.

Verburgh, in his complaint, said that on August 27, 1918, he was injured in the Beulah coal mine, a lowered cage striking and hurling him to the ground, breaking both bones of the right leg above the ankle and otherwise seriously injuring him.

He maintains he was formerly able to earn \$300 a month and lost \$1,137 in wages, demanding a total amount of \$52,137 for damages and his costs and disbursements.

BRITISH TO ARREST GANDHI

Calcutta, India, March 10.—(By the Associated Press.)—The government has definitely decided to arrest Mr. Gandhi, the non-co-operationist, leader.

There were 36,900 friendly societies in London at the end of last year.

A FATHER AND SON'S BANQUET TO BE STAGED AT HIGH SCHOOL GYM UNDER AUSPICES OF BISMARCK ROTARY CLUB

Every Father Urged to Accept His Son's Invitation to Attend. Boys Will Register and Select Their Own "Daddy" For The Evening. Unique Event To Be Held Next Tuesday Evening. Noted Speakers To Appear.

Be more than his dad, Be a chum to the lad, Be a part of his life Every hour of the day. —Edgar A. Guest.

This is notice to every "daddy" in Bismarck that when he is asked by his son or some boy whose father is dead, that he put aside all other plans and attend the Second Annual Father and Sons banquet to be held Tuesday evening at 8:30 p. m. at the High School Gymnasium. Members of the Rotary Club which has undertaken the direction of the Boys Welfare Work with J. J. MacLeod as director will be hosts to the fathers and sons.

Boys will register with Mr. MacLeod and they will have a choice of fathers. Their own if possible and if not they can select the person who will act as their "daddy escort" for that evening.

A fine program of toasts and a bill of fare that will delight the boys will be prepared under the direction of some of the mothers who know how to cook to reach both the boys' and

the fathers' hearts, through the usual route.

It's going to be a bang-up affair! Fathers of Bismarck will benefit by being thrown in touch with their sons as the poet Edgar Guest has so well expressed it.

A speaker of note, D. R. Poole, director of boys work for Manitoba, will be present and give the guests an address. He is a leader in this kind of work and will have a real message for both fathers and sons. There will be community singing, songs that the boys know and appreciate.

There is no danger of the boys not being there, but the fathers must not be "too busy" or "too tired" on this great night, for father and son must be "comrades in joy" and be such a chum as you knew when you were a boy.

The boys will be asking you dads this evening or tomorrow to go with them and those in charge of the affair don't want any regrets, just enthusiastic acceptances, the kind of an acceptance that will go right to the boy's heart a sort of, "put 'er there, my boy."

SIGNATURES TO ROADS BILLS TO BE SOUGHT NOW

Will be no Delay in Circulating Petitions, Executive Committee Decides

OTHER ACTION TAKEN

Petitions for the adoption of an amendment to the constitution and initiation of two bills in the interest of better roads in the state will be prepared for circulation in the very near future, it was decided here at a meeting of the executive committee of the North Dakota Good Roads Association. Printing of the petitions was ordered, a form being adopted.

The amendment and two measures will be submitted at the November election, but circulation of petitions will begin so that there will be an ample number of names for the amendment, which must be filed 120 days before election, and the measures, which must be filed 90 days before election.

The proposed constitutional amendment provides for a state highway system "which shall be located, constructed, improved and forever maintained and controlled as public highways by the State of North Dakota." One proposed bill re-enacts with changes the motor vehicle registration law and a second re-enacts and changes the state highway commission law.

The executive committee decided to add to its annual and life memberships a three year membership for the price of two annual memberships, or \$10; to obtain buttons for each member to be placed upon automobile radiators; named a committee composed of O. W. Roberts, P. J. Meyer and S. W. Corwin, all of Bismarck, to audit the books; to prevent excise newspaper in the state with an annual membership, and to give a year's subscription to the Good Roads magazine to the winner in each county on the Firestone Tire company's essay on the subject of roads.

Ernest Hylin, vice-president, was delegated to perfect a working agreement between all trail associations and the North Dakota Good Roads Association on the matter of obtaining signatures for the proposed amendment and laws and the measures and on other matters.

A campaign for memberships will be instituted and as many as 12 solicitors employed, if necessary.

Attending the meeting were: I. W. Moes, Valley City, president; F. W. Mees, Mandan, first vice-president; Ernest Hylin, Fargo, second vice-president; Will E. Halbin, secretary; A. T. Kraebel, Clifford, chairman legislative committee, and S. T. May, Dickinson, member-at-large of the executive committee.

DEFINE CONTROL OF WIRELESS

Government Committees Make Recommendations

Washington, March 10.—Allocation of 20-wave lengths among the various classes of wireless telephone senders and government control of all communications are recommended by the three committees of the government radio conference made public today.

The recommendations do not provide for government control for receiving stations which Secretary Hoover said have increased into the hundreds of thousands in the last few months.

Amateur transmitting stations under the proposals would be given exclusive control of wave lengths from 150 to 200 meters and share with technical and training schools wave lengths of from 200 to 275 meters.

Wine output of the world is about 4,000,000,000 gallons a year.

CLANSMEN GIVE PASTOR MONEY

Everett, Wash., March 10.—Five men attired in the robes and hoods of the Ku Klux Klan entered the First Baptist church here and stopped the services long enough to hand the Rev. Swift an envelope containing a sum of money. The clansmen also brought a letter commending the work of Rev. Swift and told him to use the money as he saw fit.

MANY ATTEND FUNERAL RITES OF MR. MILLER

Resident of Steele, Who Died Here, a Pioneer of The State

Eugene Bruce Miller of Steele, who passed away at a local hospital on Tuesday morning, was born in the state of Pennsylvania in 1865 and moved with his parents to North Dakota in 1886. Mr. Miller has made his home at Steele since that time.

He was united in marriage to Miss Lily Simpson of Steele on August 9, 1899, and to this union was born one daughter, Rose.

Mr. Miller was in his usual health and has been constantly at the bedside of his daughter, who has been seriously ill at the Bismarck hospital, until Thursday, February 23, when he was confined with an illness that developed into pneumonia and on Tuesday morning, March 8, at 2:15 o'clock he passed away at the age of 57 years.

Besides his wife and daughter there are left to mourn his loss a niece, Mrs. May Palmer, six brothers, Homer, of Cleveland, N. D., Harry, of Backus, Minn., Roy of Stroud, Oklahoma, Frank, of El Paso, Texas, John of Morton, Minn., Forrest of Kansas City, two sisters, Mrs. E. Burlingame of Martinville, West Virginia and Mrs. W. Davis of Sterling, N. D., and other relatives.

Funeral services were held from the home in Steele yesterday afternoon. Many friends attended the services. Rev. Daniel K. Ford officiated. Henry Halverson of Bismarck was in charge of the music. Interment was in the Woodlawn cemetery.

W. C. T. U. ANNUAL MEETING SET

Governor Nestos' Stand on Religion is Endorsed

Fargo, March 10.—The mid-winter meeting of the W. C. T. U. here today chose Fargo for the annual meeting Sept. 21-25.

The action of Governor Nestos in repudiating attacks on the christian religion in his Founders day speech at the university was approved.

The action of the North Dakota district of Norwegian Lutherans in condemning Sunday movies was also endorsed.

WING OUT OF STATE, REPORT

Service has been obtained upon William Lemke, former attorney-general, by The Courier-News Publishing company and F. C. Cathro former manager of the Bank of North Dakota, in the suit instituted by Attorney-General Johnson for an accounting of the "Lemke Fund," raised to be used in prosecuting railroad rate cases, and disbursement of it in accordance with the trust, according to information received by the Attorney-General.

Service was not obtained on Fred Wing, former manager of the Courier-News, information being that he now is in California.

DEPRESSION IN BREW INDUSTRY; DESTROYS STILLS

Force Under Direction of Deputy U. S. Marshal Complete Destruction of Many Stills

INTERESTING QUESTION

Judge Will be Asked to Decide If Standing Rock Reservation Really Is One

Depression hit the "home brew" business late yesterday afternoon when Deputy United States marshals consigned 15 to 20 stills and parts of stills to the ash-heap. The stills and other equipment used in the manufacture of the hootch had been gathered up by federal agents in their widespread searches over western North Dakota.

Included in the lot was the coil of the 500-gallon still found in Golden Valley county by Lane Moloney and other officers, said to be the largest confiscated still in the country. Other parts of the still had already been destroyed.

Wash-boilers, milk cans, parts of automobile machinery, a metal piece of a set of harness—these were some of the various articles used by the home-brew artists in improvised stills. Judge Miller ordered the destruction of the property and the destruction was carried out under the direction of C. D. Wattals, chief deputy United States marshal.

Indian Reservation Question.

The long list of pleas to charges of violation of the Volstead act have been about completed in the federal court, with a few belated ones changing their pleas from not guilty to guilty. One question which has arisen and which may be determined by Judge Miller in trials next week is whether the so-called Standing Rock reservation is really an Indian reservation or is an Indian agency. The government attorneys have proceeded upon the theory that it is a reservation. Four men are charged under a special statute with having liquor in their possession on an Indian reservation. This is punishable by a jail sentence. Attorneys for the accused men probably will plead that the territory is a part of an Indian agency and not a reservation.

Lorenz Miller, a young man of Emmons county, was before Judge Miller this morning, just before trial of the damage suit of J. J. Verburgh against the Beulah Coal Mining company was resumed, on a charge of being a slacker during the war. District Attorney Hildreth had recommended clemency for the young man, who apparently had acted, according to the court, upon the theory that the government was calling him out of his turn. Judge Miller, taking cognizance of the district attorney's recommendation, gave the young man three days in jail.

Case Under Consideration. Judge Miller has under consideration the plea in abatement and motion to quash in the "box car" case in which Leslie Simpson and Ted Hartung, former sheriff of Stark county, are accused of conspiracy to obstruct justice. Both sides prepared briefs following the argument on the matter and the court will consider the matter thoroughly before rendering a decision.

Probably 20 criminal cases are to be tried, beginning next week.

"EVOLUTION" IS SOLONS' TOPIC

Bill Against Darwinism Loses Out in Kentucky

Frankfort, Ky., March 10.—The defeat of the Kline evolution bill by the Kentucky house of representatives yesterday is considered by leaders of the opposition as having finally disposed of the evolution question at this session of the legislature.

The Kline bill would have forbidden the teaching in the University of Kentucky, the normal schools and the public schools of "Darwinism, atheism, agnosticism and evolution as it pertains to the origin of man." It was the first of three similar bills introduced this session, two in the house and one in the senate.

STOCKWELL BOND NOW RENEWED

The bond of Leonard Stockwell, sheriff of Golden Valley county, which was cancelled by the state bonding department, has been renewed, it was said today by Harold Hopton, manager.

COAL STRIKE SEEMS ON WAY

Indianapolis, March 10.—Hope of averting a nation-wide coal strike by the government's appeal for the operators and miners to get together in a wage conference seems to have vanished today among officials of the United Mine Workers of America on account of the continued refusal of some operators to meet with the miners to negotiate an inter-state wage agreement.

MRS. OBENCHAIN

MADALYNNE, ON STAND, RELATES HER LOVE TALE

Tells of Affairs with Kennedy, Slain Broker, for Whose Murder She is Held

FALTERS AND WEEPS

Declares Kennedy Threatened to Kill Her if She Would Not Marry Him

Los Angeles, March 10.—Mrs. Madalynne Connor Obenchain, pale and somewhat nervous, took the stand today to face cross-examination upon her story yesterday of her love for J. J. Kennedy and his death by shooting in her trial on a charge of murdering him.

She assumed a position in the witness chair so that she could face the jury. She said that two shots were fired at him from the dark in front of his summer cottage in Beverly Hills, she said. The two persons she could not identify, flitted by her and disappeared. She and Kennedy went to the cottage at the latter's suggestion, she swore.

This was in direct contradiction of the state's theory of the case that Mrs. Obenchain persuaded Kennedy to go to the Glen, and that by arrangement with her, Arthur C. Burch, co-defendant in the case, lay in wait as they appeared.

Between the shots, according to Mrs. Obenchain, Kennedy cried: "Good night, Madalynne," and that after the second explosion she found him lying lifeless on a flight of steps in front of the cottage.

Tells of Affair. The story of the shooting was the climax of an all day examination of (Continued on Page 8)

PRICE BILL ON 1922 CROP IS BEFORE HOUSE

Representative Knudson, Minnesota, Asks for an Early Hearing on Bill

Washington, March 10.—The house agricultural committee was asked by Representative Knudson, Minnesota, for an early hearing on his bill providing for creation of a crop stabilization commission with power to fix prices of the 1922 crop of wheat, corn and cotton. The commission would be composed of the Secretary of Agriculture, Commerce and Labor and prices so fixed could not be less than the cost of production. The measure would give the commission authority to revive the U. S. Grain Corporation and include other farm products which, in its judgment, needed stabilization.

The life of the commission would be limited to one year, with the expectation, however, that it might be continued if its work proved beneficial.

HARDING TAKES A COAST TRIP

Plans to Motor Down Florida Coast and Sail Back

St. Augustine, Fla., March 10.—(By the Associated Press.)—Golf was the first event on the program for President Harding today beginning his week's vacation in Florida. After luncheon the president and his party had arranged to motor down the coast to Orlando, 67 miles distant, and there board the houseboat of E. M. McLean, the Washington publisher. It was planned to cruise on the boat as far south as Rockledge, probably stopping at favorable opportunity for golf.

Secretary Weeks came here from Miami to welcome the party. The president planned to devote several hours to his official correspondence daily after boarding the houseboat.

FEDERAL LOAN FUND TO AID IN PURCHASE OF SEED, FEED IS ASSURED BY ACTION OF HOUSE

I. V. A. SLATE TO BE SELECTED AT JAMESTOWN

Burleigh Spaulding in Name of Republican Party Outlines Plan of Action

DEMOCRATS TO SIT IN

Fusion Campaign to be Waged as in Past with Townleyism as Issue

Members of the I. V. A. organization will decide at Jamestown in the future to what extent it can yoke the Republicans and Democrats together in the next election. Two complete tickets doubtless will be put in the field by the I. V. A., so that in event any nominee falls by the wayside in the Republican primaries, there will be a Democrat on the other side acceptable to the I. V. A. program of state ownership and control of state patronage.

Just how the plan will fit into the senatorial fight is not explained. The plans of the I. V. A. published in the Forum under a Grand Forks date line indicate that the cooperation with Democrats is only to be in state matters. Whether a candidate for the United States senate will be endorsed at the convention which will be held at Jamestown soon after the league convention is not revealed.

The following dispatch is practically a call for the I. V. A. leaders who function through the Republican primaries. It follows:

"Republicans of North Dakota will hold a statewide convention at Jamestown for the purpose of endorsing candidates for the coming primaries.

"This action was decided upon at a meeting of the Republican state committee held here yesterday and today. The convention will be held at Jamestown after the Nonpartisan league convention is held, and on a date to be fixed by the chairman, D. F. Spaulding.

The delegates will be chosen in legislative district conventions where a district is composed of one county or less than one county. Where there are two or more counties in a district, county conventions will be held.

Representation at the Jamestown convention will be on the basis of one delegate for every 125 votes cast for John Steen at the last primary election. This will insure a convention of between 400 and 500 delegates.

The committee also decided to work in harmony with the Independent Democrats of the state in state affairs, and the committee of 45, composed of 15 Republicans, 15 Democrats and 15 representatives of the Independent Voters association will be continued.

"The important business before the committee had all been completed at noon today, but an afternoon session is being held to dispose of a number of routine matters.

Accept I. V. A. Proposal. The proposal submitted by the committee representing the Independent Voters' Association to work along lines that were laid down by that organization before the Democratic committee in Fargo last week, was approved this morning. It was submitted to the committee here last night, details of it being explained by A. B. Jackson of Devils Lake, J. A. McGauvren of Langdon, E. W. Everson of Walum, and Theodore G. Nelson, of Fargo.

"In support of the proposition, which contemplates the creation of a committee of 45, 15 representing the Republicans, 15 representing the Democrats, and 15 representing the Independent Voters' Assn., experience in the last primary and general election was cited and the results of the recall election were held up as indicating that the independents of the state, if they could succeed in the coming contests at the polls, must join hands.

WARRANTS HELD BY FARMERS

Greater Amount Not in Hands of "Speculators"

Most of the 1921 hail warrants being purchased by the Minnesota Loan and Trust Company under its agreement with the state administration come from the farmers who suffered heavy losses, according to John DeLong, representative of the company. It is difficult to arrive at an estimate to the percentage of the original holders selling warrants because many farmers send them in through their local banks, he said. While purchasers who obtained warrants at a considerable discount have resold large blocks of warrants the amount is not as large as might have been supposed.

George T. Webb, formerly a representative of the Bank of North Dakota, is understood to have disposed of warrants in New York City sometime ago, one institution there reselling them to the trust company, which is buying warrants. More than \$1,250,000 of warrants have been purchased by the trust company.

Bill Passes By Close Vote. Amount Cut to \$1,000 By Opposition

GOES TO CONFERENCE

Expected Senate and House Conferees Will Agree On Sufficient Amount

Washington, March 10.—By a vote of 99 to 82 the house today passed a bill authorizing a million dollars appropriation for the purchase of seed grain in the northwest.

As previously approved by the senate the bill carried an appropriation of \$500,000 and the difference as to the size of the appropriation must be composed before the measure goes to the president.

Passage of the bill by the house, even for the reduced amount, assures that there will be a substantial appropriation made to loan to farmers of North Dakota and Montana and perhaps some other western states, for the purchase of feed and seed.

As the bill was originally introduced in the senate by Senator McCumber, it provided for a \$5,000,000 appropriation, of which \$1,000,000 would be available for immediate aid. A great deal of opposition, especially from southern Democrats from cotton producing states, developed in the house to the bill.

It is expected that the conference committees which will be named will agree upon an amount which would be considered ample in the emergency.

U. S. IN DEMAND TO ALLIES FOR RHINE PAYMENT

Wants Money for Occupation Paid Before Any Reparations Payments Are Made

Paris, March 10.—By the Associated Press.—Demands from the United States that \$241,000,000 for its expenses in connection with occupation of the Rhineland be paid before any reparations were paid was presented to the allied finance ministers at their meeting this morning.

Distribution of this year's German payments, it is learned on good authority, already was decided upon before the American note was received. According to this division, France would receive 52 per cent and Great Britain 22 per cent.

HUGHES IS MUM

Washington, March 10.—(By the Associated Press.)—Secretary Hughes refused today to comment on the news from Paris that representatives of the U. S. government had presented a demand to the allied finance ministers that expenses of \$241,000,000 sustained by the U. S. in the occupation of the Rhineland be paid before any reparations.

PLAY STARTED IN BASKETBALL TOURNEY TODAY

Mandan and Bismarck Probably to Meet at 7:30 O'clock Saturday Night

Bismarck and Mandan high school basketball teams are expected to meet in Mandan at 7:30 o'clock Saturday night.

Drawings for the district tournament in Mandan were made this morning and play in the tournament began at 2 o'clock this afternoon.

The drawings were: Napoleon vs. Ashloy, at 2 P. M.; Bismarck vs. Ashloy, at 3 o'clock; Mandan vs. Steele, at 7:30 o'clock tonight. Winners of the two afternoon games, probably Wilton and Bismarck, will play at 8 o'clock tonight.

If Bismarck and Mandan win their games, as is expected, they will play tomorrow night at 7:30 o'clock.

JOHN WYNN, N. P. VETERAN, DIES

Assistant to General Manager, and Former Dickinson Man

St. Paul, March 10.—John Wynn, 58, assistant to C. L. Nichols, general manager of the Northern Pacific railroad, died here last night. He had been connected with the road since 1889.

Mr. Wynn was for years trainmaster of the N. P. division west of Mandan. He made his headquarters at Dickinson. He was widely known among travelers west of Mandan. He occupied this position many years and was called to the headquarters in St. Paul a few years ago, to be assistant to the general manager.

WORKERS FOR TEMPERANCE IN SESSION TODAY

Annual Mid-winter Meeting of the W. C. T. U. is Being Held in Fargo

Fargo, March 9.—The annual mid-winter meeting of the North Dakota W. C. T. U. convened at the First Baptist church of Fargo at 3 P. M. today, with Mrs. Elizabeth Preston Anderson of Fargo, state president, in the chair. The principal business to come before the board at this time will be the outlining of programs for the annual district meetings and for the state convention. The state officers and the state division superintendents are members of the executive committee. A second session of the executive board will be held at the First Baptist church at 10 A. M. Friday morning. The social feature of the meeting will be the jubilee banquet, to be served in the First Methodist church at 5:30 P. M. Thursday for the visitors and local members of the W. C. T. U. The visiting women will be the guests of the local state officers at this time. The state officers residing in Fargo: Mrs. Elizabeth Preston Anderson, Mrs. Barbara Wylie and Mrs. W. E. Black, president, corresponding secretary and treasurer, respectively, will give short addresses and the state superintendents will give three minute addresses on "What My Department of Office Can Do to Help the Membership Campaign." Other banquet speakers will be Mrs. Fredrick Wanner, Jamestown; Mrs. Frank Beasley, Fairdale; Mrs. Neela Buck, Jamestown; and Mrs. Emma Clark, and the Misses Mary Carey and Ina Johnson all of Fargo.

An enforcement institute, the first session of which will be held tonight at the First Baptist church, will be held in connection with the meeting. The general topic for the meeting will be "The Duties and Obligations of Officers and Citizens in the Enforcement of the Prohibition Law." Dr. R. W. Hobbs, pastor of the church, will lead the short devotional service preceding the meeting. Speakers for the meeting and their subjects are: A. G. Divet, who will speak on "The Federal Prohibition Director and the Attorney General of the State;" Judge M. J. Engert, Valley City, on "The U. S. District Attorney and the State's Attorney;" Judge Charles A. Pollock, Fargo, on "The U. S. Marshal and the County Sheriff;" Mayor H. W. Gearey, "The Citizen;" Rev. F. L. Watkins, superintendent, State Enforcement league, on "The Enforcement of the Anti-cigarette, Anti-snuff and Anti-gambling laws." Musical numbers for the evening will be given by Meses. Walter Reed, George F. Dippell, Miss Vera Redgrove and Byron Hanson.

The Friday session will convene at 2 P. M. at the church and the general topic will be "Methods and Procedure of Enforcement of Federal and State Prohibition." William C. Green, state's attorney for Cass county, will speak on "Criminal Provisions;" B. F. Spaulding on "Injunction and Abatement;" and Arthur A. Stone, federal prohibition director, on "Prohibitive Taxes." A question box will be a feature of the closing session.

GOOD FOR THAT "FLU" COUGH.
For quick relief from the wearing coughs that "hang on" after the gripple or influenza, take Foley's Honey and Tar. Mrs. K. D. Drake, Childs, Md., writes: "After an attack of the flu that left me with a severe cough nothing seemed to relieve me till I tried Foley's Honey and Tar, which I can highly recommend." It is also good for croup, whooping cough and colds. It puts a soothing, healing coating over the inflamed surfaces, cuts the phlegm, eases hoarseness, clears the air passages. —Adv.

LET CONTRACT ON NEW ADDITION

Stanton, N. D., March 9.—Contract for the addition to the Mercer county court house has been awarded by the county commissioners to N. J. Joyce of Zap who had the lowest bid at \$6,913. There were four other contractors seeking the work. The addition will be built according to the plans and specifications as drawn and prepared by Reister & Leonard of Mandan. The addition to the court house is badly needed for office and vault space in the opinion of the county officials. Work will be started April 15th.

TWINE PRICE FOR '22 FIXED

Cut in Price is Made For Penitentiary Twine

Price of twine manufactured in the state penitentiary twine plant, fixed for the 1922 season by the board of administration, has been reduced about 25 per cent, according to board members.

Price of standard twine per hundred pounds will be \$9.75 as compared to \$13.25 last year and price of Manila twine will be \$11.75 per hundred pounds as compared to \$16.25 last year. A discount of 25 per cent will be given on carload lots to encourage buying by clubs of farmers or societies. It was stated. The standard twine is 500 feet to the pound and Manila twine runs 600 feet to the pound.

Prison labor is used in manufacturing the twine. According to board

members better materials are to be used in the twine and the production increased from about two and three-fourth million pounds to about four million pounds. The prison population has grown, providing more labor to be used.

HOSKINS-MEYER NEW FIRM NAME

Pioneer Business House Adds Name of President

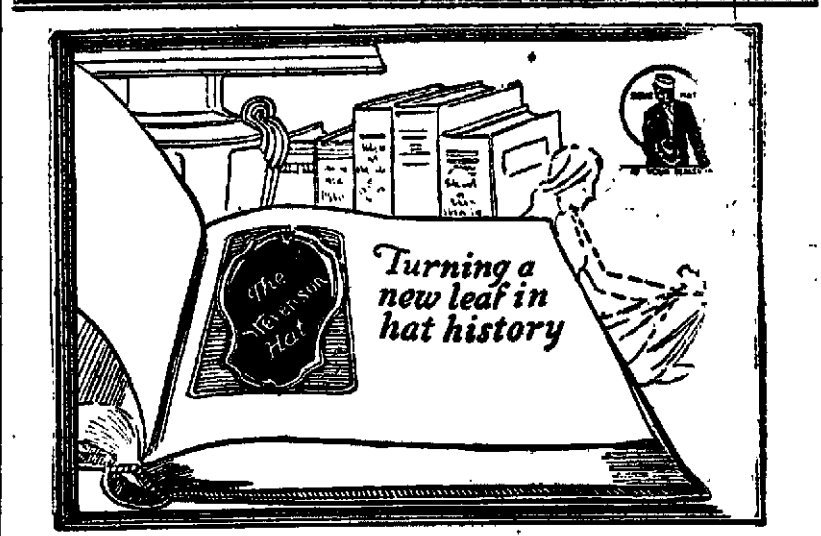

Formal announcement is made of the change in firm name of a pioneer business house of Bismarck—Hoskins-Meyer, Inc., will in the future be known as Hoskins-Meyer.

The formal announcement of the firm follows: "The firm name of Hoskins-Meyer, formerly Hoskins, is merely a change in name of the firm. The control remains in the same hands, the officials remain the same. The management that has tried to give you service and quality for the past years remains the same. The only change made is in the firm name."

Phil J. Meyer, who has been with the firm for 20 years and head of it for the last several years during which time it has enjoyed a rapid growth of the business of handling office furniture, supplies, stationery, and operating a retail and wholesale florist business with greenhouses, continues to direct it.

The Greatest Automobile Value in America

HUDSON SUPER-SIX

Again Hudson Proves Its Outstanding Value

Hudson's new low prices affect the comparative value situation—all along the line.

For six years the Super-Six has been the largest selling of the fine cars. Its 110,000 owners know it is the greatest of the moderately priced cars—the lowest in cost of the truly great cars. Its new prices confirm Hudson in this position.

Hudson endurance continues the economy of its first cost. There are no obsolete Super-Sixes. The older models are still in service, performing smoothly, reliably, powerfully. They stay out of the repair shop. They are dependable and enduring.

And you find this economy of cost and upkeep in a car equally well known for its beauty of line and finish. You will be proud of a Hudson. It is one of the admired cars—smooth and easy of operation—luxurious in appointment.

Come see it. Know for yourself its outstanding value.

BISHOP WEHRLE COMMENDS N. DAK. TO SETTLERS

Minot, N. D., March 9.—Hearty approval of the campaign launched by the Minot Association of Commerce to bring 100,000 more settlers to northwestern North Dakota was voiced at St. Leo's Catholic church Sunday by the Rt. Rev. Vincent Wehrle, O. S. B., Bishop of Bismarck diocese.

"The movement to bring more settlers to northwestern North Dakota should have the support of all of us," Bishop Wehrle said. "This section of the state offers unlimited opportunities to men of moderate means who will farm right. I am glad to learn that such a movement is under way and would urge the men here to make certain that the newcomers are treated fairly and honestly. Many such schemes have failed because land sharks were dishonest with prospective settlers. I am very glad to learn that you are planning on protecting new settlers who come to this territory and if you are successful in your efforts the movement will no doubt be crowned with success."

Bishop Wehrle also reminded his hearers that interest in the new settlers should not cease on their arrival but the men identified with the business life of northwestern North Dakota should plan on cooperating with the farmers and solve their problems together.

Clergymen in other churches of the city also mentioned the movement and counseled fair treatment for new settlers. The plan, by which newcomers will be afforded the services of a disinterested appraisal committee to set a fair price on any tract of land, was given hearty approval.

ELECTRIC HIGH LINE POSSIBLE

Bowbells, N. D., March 9.—It is quite possible that within the next six months Bowbells will obtain its light over a high line from Kenmare. A representative of the General Utilities company of Kenmare and Crosby met with the Boosters club recently to discuss the proposed plan. This company now operates the plants at Kenmare and Crosby, and also supplies light to the City of Ambrose over a high line from Crosby. The present plan is to construct the line from Kenmare to Crosby, supplying all the towns between here and there with their electric current. The company expects to eventually move their plant to Kermit, where it is said fuel can be supplied at less than half the present cost.

If the line is constructed, the city will be supplied with 24-hour service and the rate lowered from 25 cents to 20 cents a kilowatt. A committee is investigating and definite action is expected within the next 10 days.

The British Lion's Restless Brood

Restless to realize all the blessings of their united greatness and their individual equality—a restlessness of growth and readjustment, transforming a vast Empire into a world-wide Commonwealth of Free Nations. When did this great change begin?

How was America responsible for its beginning? In what way did Canada hasten it? and Ireland? By what steps and through what difficulties is the process continuing? What important steps remain to be taken? Shall America hinder or help?

Canada, the Land of Potentialities

How does Canada compare with the ancient Roman Empire? With the British Isles? With the United States?
How may Canada determine the future destiny of the world commonwealth of Great Britain?
Under what circumstances did the close friendship between the United States and Canada begin, and what is its special significance?
How have the physical characteristics of Canada affected the development of her national life?
What are the fabulous natural resources of the Dominion?

"Old Ireland" the New

When and how did the "rebirth of the Gael" begin, and how did it result in the Irish Free State?
What was at the root of Ireland's trouble with England?
What is the "peculiar cultural and spiritual ancestry" of the Irish people?
What is the Irish attitude toward death?
What was the Irish Republican Army really like; and what are the facts from both points of view regarding the Sinn Féin?
Of what importance is the Irish Free State as an economic factor in the world?
What is the effect of the new Agreement on Ulster?

India, Seething With Unrest

Will India break away from the British Commonwealth and become an independent Moslem state; will the Mohammedans restore the Sultan of Turkey to his former power; or will India remain as a dazzling jewel in the British crown?
What is the wonderful story of this land of extremes, this home of one of the oldest civilizations in history,—this "motherland of religion"?
What are the most marked causes of the great unrest and discontent?

America's Attitude Toward Great Britain

Why have some papers been declaring that war between America and Great Britain "is inevitable," while others insist that we are "entering an area of more friendly relations than ever"?
What is the prevailing American opinion and upon what is it based?
Should the United States "share with Great Britain the burdens of the world as a whole"?
How will the rivalry between the British Commonwealth and the American Commonwealth for world trade be carried on, and with what result?

Egypt Under the British Regime

What modern wonders in Egypt compare, for greatness, with the ancient pyramids and the ruins of Luxor?
What has Britain been doing for the last forty years in Lower Egypt and along the Upper Nile?
How has Egypt developed; what is the present condition of her people, and when did the new Egyptian "nationalist movement" become militant?

Australia, the Real Land of the Golden Fleece

The oldest continent on earth; larger than the United States; nearly as big as all Europe; a land of wonders and mysteries; surpassing all peoples in the world in per capita wealth and productive power; ninety-seven per cent of her people of pure British descent; a laboratory of political experiments,—what is the relation of Australia to the British Crown, how is the country governed, what are her political problems, and what is her place in the economic program of the world?

New Zealand First

Did you know that New Zealand was the first country in the world to make compulsory the conciliation and arbitration of industry disputes? That it was the first country to establish universal penny postage, state fire insurance, state maternity homes; non-contributing old-age pensions, and many other social and economic reforms?
Do you want to know all about this remarkable country of which Bryce declares that "nowhere is the level of comfort higher; there are no millionaires, very few rich persons, and no class of people is sunk anywhere near to the margin of subsistence."

Changing Tides in South Africa

What marvelous transformation in South Africa has brought about "one of the most dramatic chapters in the modern history of the British Empire"?
What caused the Boers, who fought against the British in 1900, to fight for the British in 1915?
How did the Union of South Africa become possible, and what claim has it to distinction as "the only real democracy in the world today"?
Why is the color problem "the most serious question before the people of South Africa"?
What is the thrilling and picturesque story of the taking and making of Rhodesia?

British Power in the West Indies

What special American significance has been found in the fact that this chain of islands flanks the Gulf of Mexico and the Caribbean Sea?
What are the social, industrial, political, and commercial characteristics and possibilities of these groups of several thousand islands?
Is there a probability of an Imperial Federation of the Caribbean Colonies under the leadership of Jamaica?

SHEA RETURNS TO OFFICE HE HELD FOR YEARS

Nomination by President Harding to Put Him Again in U. S. Marshal's Office

PIONEER OF THE STATE

James F. Shea, whose nomination to be United States Marshal for North Dakota, was sent to the United States Senate yesterday by President Harding, will return to an office he vacated when Democratic ascendancy succeeded Republican rule in the country.

The "History of North Dakota," published in 1919, tells something of the life of Mr. Shea as follows: "James F. Shea, United States marshal for North Dakota, covers within the limits of his personal experience all the features of life in Dakota. He was a herder for the government in the early seventies; a scout in the Indian country; he went into the Black Hills when it was a matter of taking one's life in his hands to get there. Then, later, he became a homesteader. He and his wife developed with his country, dealt in horses, went into politics—as did every pioneer of the early territorial times who had the proper spirit—and climbed through the ranks up to the place he now holds as the chief federal officer in the state. There is no more stirring romance written into the life history of the marshal than is carried between the covers of a book, but he is a very modest and business-like official who stands very near the top of the list of United States Marshals in the estimation of the Washington authorities.

"Marshal Shea came of Irish stock, his parents, Jeremiah and Bridget Fitzpatrick Shea, being natives of the old country. He was born in Allegheny, N. Y., June 13, 1856. His people went to Canada when he was a child and he got his schooling in the public schools of Huron, Ont. When he was 12 years of age the family removed to Minnesota and he came into the wild and undeveloped territory of Dakota as a lad of 16 to seek his fortune. The fact that he lived to find that fortune is not particularly his fault, for he entered the employ of the government as a herder in the days just prior to the Custer massacre when most of the Sioux were on the warpath and those who were not openly hostile were not the best neighbors. During the Indian troubles of the middle seventies he was a government scout and had many hair-breadth escapes. He then became acquainted with many of the leaders of the Sioux and knew Sitting Bull, Rain-in-the-Face and many other notables intimately. He made his way into the

Hills at the time of the gold excitement, but in 1878 he had an intimation of what the future of the country was to be and he came up into North Dakota and took a homestead. He acquired a half section of land in Richland county and settled down there, becoming a successful farmer and trader and a man of importance in the community.

He was made railroad commissioner in 1900 and held that office for four years. He was named United States Marshal by President Roosevelt.

ENGLISH TITLE BRINGS NO JOY TO U. S. LAWYER

Chicago Man Declares He Already Has Greatest Title in Entire World

Chicago, March 10.—(By the Associated Press.)—Cyril Armstrong, self-made Chicago lawyer, whose struggle for a living has been only moderately successful, today was informed he was sole heir to an English earldom but the news had little effect on him for he calmly informed newspaper reporters that he already possessed the greatest title in the world—that of American citizen—and desired no other.

Mr. Armstrong produced many letters and documents to prove he was the man sought but said he knew nothing of the title because he became separated from his family as a child and had worked his way up to membership in the bar by attending night school. Previously he sold newspapers for a living, worked on Canadian farms and was a reporter. He denied identity when he found a dozen newspaper reporters in his office but when they refused to leave he said, "Well, let's have it over with, boys, I'm Armstrong."

"Your Grace," began a reporter. "Can the Grace business," he broke in. "I just told you I was Armstrong, didn't I? Maybe I will be His Grace, but not yet."

Not Crossing River. Taxicab lines are handling passengers across the river today only on special trips. The last regular trip was made by a taxi line last evening, because of the bad road on this side and places where considerable water is standing. It is doubtful if regular trips will be made tomorrow.

SYRUP PEPSIN IN OLD AGE

Much used by elderly people for constipation, biliousness, headaches, etc.

MANY men and women, as they grow older, suffer constantly from little ills. The cause is the poisons produced by chronic constipation, resulting in headaches, depression, bloating, sour stomach, bad breath, etc. A single bottle of Dr. Caldwell's Syrup Pepsin will prove to you that you can so regulate yourself that elimination will occur promptly every day. Increased doses are not necessary. It is a combination of Egyptian Senna and other simple laxative herbs with pepsin. The cost is only about a cent a dose.

and is today the largest selling liquid laxative in the world, the formula has never been improved upon. It is safer and better for you than salts, minerals, calomel, coal tar and such drastic purgatives.

Half-Ounce Bottle Free

In spite of the fact that Dr. Caldwell's Syrup Pepsin has been on the market 30 years

few escape constipation, so even if you do not require a laxative at this moment, let me send you a Half-Ounce Trial Bottle of my Syrup Pepsin FREE OF CHARGE so that you will have it handy when needed. Simply send your name and address to Dr. W. B. Caldwell, 112 Washington St., Monticello, Ill. Write me today.

HAPPENINGS IN SOCIETY

Money Received To Carry on Illiteracy Work

Donations of money from local clubs and organizations for the carrying on of the illiteracy work in North Dakota have been received by Mrs. Alfred Zuger, who is in charge of the state illiteracy work.

Up to the present time Mrs. Zuger and Miss Minnie J. Nielson, state superintendent of instruction have financed their work but the cost of the many materials needed for the work have now grown to such an extent that this is impossible.

Mrs. Evalena Skeele, treasurer of the Daughters of the American Revolution, gave \$5 in behalf of the organization. Mrs. Lucy Lyons Moody, in behalf of the American War Mothers gave \$2 and Mrs. Marcia Thomas, treasurer of the Eastern Star, gave \$13 for her organization.

Until congress makes a national appropriation for this work it will be necessary for clubs and organizations to help finance it. The western states are giving pledges of support in a comprehensive program to combat illiteracy. These pledges were given to the western conference by the various fraternal, civic and social bodies, as well as the clubs. It is thought that this plan could be used in North Dakota with equal success.

Lodge to Have Special Meeting

Albert Hass of Mason City, Iowa, supreme president of the Modern Brotherhood of America, M. D. Anderson of Chicago, state manager, and Mr. Lounsbury of Jamestown, field worker arrived in Bismarck this afternoon for the special meeting of the local chapter of the Modern Brotherhood of America.

The meeting will be held at the American Legion hall this evening. The committee in charge of arrangements promise a splendid program and an entertaining time. The meeting will be called to order at 8 o'clock and will be followed by the banquet and a program.

L. B. Brauer, president of the local lodge will not be able to be present on account of illness in his family. All members are urged to be present.

Community Chorus to Begin Rehearsals

Mr. Gale, director of the Bismarck Community Chorus, announced today that the chorus would have six more practices before the concert which will be given during the week following Easter.

The rehearsals will be held at the Business and Professional Women's club rooms on Monday nights at 7:30 o'clock. It is desired that all members of the chorus will be in attendance at these six practices.

The program for the concert will contain post Lenten and Easter music. Although the exact date has not been arranged for it is expected that the concert will be held on the Wednesday following Easter.

P. E. O. Meets and Elects New Officers

Chapter F of the P. E. O. Sisterhood held their annual election of officers at their meeting held with Mrs. A. G. Jacobson at her home.

Following are the officers elected at the annual meeting:

GIRLS! LEMONS WHITEN ROUGH CHAPPED HANDS

Squeeze the juice of two lemons into a bottle containing three ounces of Orchard White, which any drug store will supply for a few cents. Shake well, and you have a quart-pint of harmless and delightful lemon-bleach lotion to soften and whiten red, rough or chapped hands. This home-made lemon lotion is far superior to glycerin and rose water to smoothen the skin. Famous stage beauties use it to bleach and bring that soft, clear, rosy white complexion, because it doesn't irritate.

High School Class Play, March 16

Thursday, March 16, the junior class of the Bismarck high school will present their class play, "The Wrong Mr. Wright" at the city auditorium. Mr. George Broadhurst, author of "What Happened to Jones," has written nothing better than "The Wrong Mr. Wright." It is full of action and humorous situations and has proved one of the most successful amateur productions.

The action begins at Old Point Comfort and deals with a business man, who under an assumed name tries to be his own detective. He is apprehended by a female detective for the very crime for which he is attempting to find the criminal. His nephew and his niece, who has changed place with her maid, are also there, and laughable situations arise.

Several interesting love scenes add a further attraction.

The cast follows:

Seymour Sites, (who assumes the name of Mr. Wright)—Terrence Haloran.

Wayland Clingstone, (one of the boys of long ago)—Robert Birdzell.

Frederick Bonds, (Site's nephew)—Donald Jones.

Captain Crosby, (stationed at Fort-tress Monroe), Paul Goddard.

Fort Braxenford (from the old country), Archie McPhee.

Front (who runs the hotel)—Richard Penwarden.

David Clews (a fearless detective)—Jack Burke.

Julia Bond (Site's niece)—Helen Gross.

Titlie Bird (Miss Bond's maid)—Dorothy Landers.

Musical Club Studies Opera

The Thursday Musical Club met yesterday afternoon with Mrs. A. G. Jacobson at her apartment in the Rose apartments. Fourteen members were present at the meeting.

The opera, "Die Walkure," by Wagner, was the subject of study. In her talk on this opera the leader, Mrs. A. G. Jacobson gave a pleasing sketch of the life of the composer and the events leading up to the writing of his musical dramas which name is most applicable, for they are as equally dramatic as musical. She gave a clear, concise word picture of the opera in her usual interesting manner.

The following selections were played on the victrola:

"Brun Hilde's battle cry," "Ride of the Walkures," "Magic Fire Spell" and "Wotan's Farewell."

Dainty refreshments were served at the close of the meeting.

Engineers Will Meet Tonight

The March meeting of the State chapter of the American Association of Engineers to be held tonight will open with a dinner at the Grand Pacific hotel at 7:00 p. m. Following the dinner, the assembly will adjourn to the Commercial club room where the program for the evening will begin at 8:15.

Considerable interest is being shown in the debate on the highway legislation proposed by the State Good Roads Association. Since a large number of local members of the Chapter are on the engineering staff of the State Highway Commission this subject is an exceedingly popular one.

The question of Land Classification is North Dakota will also be given further consideration to determine to what extent the work in this connection is or should be a technical problem and furnish a field of activity for the engineer. It is stated that the engineers expect to aid or offer assistance to the State tax commission in its adoption of specifications and promulgating regulations for the classifying of North Dakota land.

An unusual and interesting topic will be presented in an address by Rev. H. C. Postlethwaite, who will speak on "Engineering in the Bible." A social hour will follow the conclusion of the program. The banquet and program will be open to non-member engineers, architects and friends. Persons interested in the meeting will be cordially welcomed by the engineers.

A. A. E. members have been notified that the business meeting of the Chapter will take place also in the Commercial Club rooms at 6:00 p. m. Adjournment is planned at 6:45.

Canton and Taffeta Favored For Frocks

Frocks of Canton may be fashioned on simple flowing lines, with unusual sleeves, irregular hem line and wide girdles draped gracefully to assure effectiveness. Youthful variations of the Canton Frock often turn to billowy rows of ruffles and cording for the modish silhouette. Favored colors include Periwinkle, Canna and Serpentine.

So prevalent as to be almost synonymous with "Frock of Taffeta" is the line of bouffancy. Irresistibly youthful they are, and original enough to suit the most exacting taste.

EFFECTIVE WORK

Senator McCumber's effective work in getting a \$5,000,000 seed and feed relief measure through the senate is winning commendation for the senior senator. It is now up to the North Dakota delegation in the house to do as effective work if the relief measure, sadly needed to start spring operations, is to become a law.

Head of the great finance committee, Senator McCumber is in a position to serve the Northwest better than at any time in his long career. The next few years are going to be very important ones in the process of reconstruction and a return to normalcy. Those who study the situation that confronts the nation know that the senate committee on finance will be the clearing house for the great measures whose object will be to bring about stability in the business world.

The great Northwest overwhelmingly agricultural, needs the voice of Senator McCumber to fight her battles in this struggle back to normalcy. To sacrifice a position gained through years of laborious service would be a great mistake. Regardless of political alignment or even party affiliations, North Dakota can do no better than return Senator McCumber, for the good he can do the state at a time when North Dakota has the greatest prestige at Washington through its senior senator that it has ever had.

Of course there are always those who like to cut off their noses to spite their faces. Some people would rather satisfy a political grudge than eat. The voters had better weigh carefully what advantage they have at Washington and not sacrifice it.

THE WATER ROUTE

River and canal sailors in another generation may be as common in our country as railroad men.

The transportation problem is getting tangled into such a snarled knot that chances are the United States will have to follow older countries and develop a great connected system of inland waterways.

The ship, as a competitor of the box car, might work wonders at making the railroads furnish good service cheaply.

There is talk now, for instance, of a Great-Lakes-to-Ocean waterway to enable ocean ships to travel as far inland as Chicago and Duluth via the St. Lawrence River.

Scores of similar projects will be proposed within the next 20 years. Many of them will be built.

Our country has 28,000 miles of potentially navigable rivers. Only 2000 miles of these have been sufficiently improved to make them dependable for navigation.

Time was, when river traffic had the field to itself. As in other countries, our civilization in spreading inward from the coast, followed the rivers.

Then came the railroads. Following the Civil War a period of great railroad expansion threw many bustling river towns into eclipse.

The rivers are coming to life again.

Uncle Sam at present is improving 192 harbors, 294 rivers and 83 canals and other waterways.

Government expenditures on these projects in the fiscal year 1921 totaled more than \$57,000,000.

The water-borne commerce of United States totaled 369,269,026 tons in 1920, the latest year for which complete figures have been gathered.

Of this 111,139,646 tons were handled on the Great Lakes and 43,187,893 tons on rivers and canals.

Roughly, 31 tons of freight were handled on Great Lakes, rivers and canals for each 74 tons of exports and imports by ocean routes.

It is an enormous foundation on which to build a mighty freight traffic on inland waterways.

MULTIPLICATION

Charlie Sobb, of Birmingham, Alabama, is the proud father of 36 children.

Charlie is 61. Twelve of the children are by his third wife.

The telegraph wires do not say whether he is rich or poor. But it is a safe bet that Charlie, as he contemplates his enormous family, wouldn't change places with John D. Rockefeller. Children are the greatest wealth.

If all people kept up to Charlie Sobb's record, 3,000,000 babies would be born in America this year. In 10 years, feeding the population would be an impossible problem.

The system called civilization is the enemy of large families.

A GOOD WILL
Joseph B. Edwards, wealthy New Yorker, leaves a fortune for disabled soldiers. The Red Cross will handle the spending, which means it will be spent wisely and scientifically.

No will, probated in this year 1922, will do more good than Edwards' legacy to the maimed veterans. Mark him down as a valuable citizen, his death an incalculable loss to the nation.

POWER

Stretch your imagination and picture a colossal engine constantly generating 7,853,000 horsepower.

That represents, to date, the total harnessing of the nation's water power. And seven times as much is still going to waste.

The harnessing of falling water, tides, sun's heat and natural electricity is the gate through which man eventually will escape from the drudgery of human labor.

GASOLINE

Use of gasoline has become so big that America produces and consumes four and a half gallons of "gas" for each bushel of wheat. Gasoline sales now are around 48 gallons a year for each man, woman and child.

This is a marvel of economics brought about in little more than one generation. What change will another generation show? Probably something more remarkable.

HOW MUCH MEAT DO YOU EAT?

How much meat do you eat? Twenty pounds a year less than in 1910? If so, you're an average American, for meat consumption has dropped off about 2,000,000,000 pounds a year.

War, a reversion to the animal state, made man more carnivorous. Meat eating increased rapidly to a high point.

Hard times, with money scarce, have swung the national appetite toward vegetable life.

The history of all times is recorded on the dining table.

BUYING RESUMED

Fine news from the middle west, where sales of farm implements are 50 per cent more than a year ago. This is a direct result of the rise in prices of farm products.

The country cannot have good times until the farmers' buying power is restored. On our farms live 32,000,000 people, nearly a third of the total population.

When they stop buying, the other two-thirds have a dull market for what their factories and mills produce.

Home stills still because fools fool fools.

EDITORIAL REVIEW

Comments reproduced in this column may or may not express the opinion of The Tribune. They are presented here in order that our readers may have both sides of important issues which are being discussed in the press of the day.

GIVING THE COURTS TOO MUCH TO DO

That the dockets of the Federal courts are crowded with arrears of business is a fact due to various causes, one of them being the unusually large number of cases arising from sumptuary laws; and the bill now pending in the senate to provide for more judges is, as Chief Justice Taft pointed out in an address to the New York County Lawyers' association, "the first important step to meet the exigency." But a bill even more desirable, in a sense, is that just introduced in both houses, of which the main purpose is "to reduce the obligatory jurisdiction of the supreme court." As things are, too many cases go to that court which ought never to have been carried there.

The measure which the chief justice commends would limit the right of appeal to the highest judicial body in the land. To this end the supreme court should have, he says, power "to make a preliminary examination of a case and determine whether the question is of sufficient importance, whether there is such lack of uniformity in the decisions of the intermediate appellate courts that the case ought to be reheard in the supreme court." That is to say, the time of the supreme court ought not to be wasted in cases in which no important legal principle is involved. Its proper function is not that of a court of last resort for every kind of litigation.

Not only the supreme court, but the courts in general, are too much burdened with appeals. By one technicality after another, cases that a single court is perfectly competent to decide fairly are taken from one to another, often with no purpose but to secure delay. "The proper view is," the chief justice says, "that so far as the litigants themselves are concerned one trial and a review before another court of the fairness of that trial should be all that any individual is entitled to as of right. It is too much to ask the state to give him three chances." There is more superfluous judicial procedure in the United States than in any other country, and yet none would pretend that justice is better administered here.

More Federal judges are undoubtedly needed. But the expedient of overtaking the dockets by this means is after all of limited effect. The basic reasons for the clogging of our judicial system is that too much is asked of it. The old adage, "De minimis non curat lex," has been repudiated by the legislative manufacturers of artificial crimes. But if the courts are to have so much that is of minor consequence to handle, then useless appeals need more than ever to be curtailed. —Philadelphia Inquirer.

Fair Weather Means A Different Style Of Millinery

WHAT ARE THE ISSUES?

By the Pot Boiler.

The battle going on for control of the Nonpartisan league machinery should not obscure or confuse the issues of the coming campaign. Six years of Townley-Liederbach program referred to as the "farmers' program" cannot be soon forgotten even under the pressure of the balance of power scheme so adroitly explained and exploited by the greatest political charlatan that ever stepped upon the public forum of North Dakota. That he or any of the leaders of the league who have glibly up taxes sky high for the farmers and others to pay could come back seems inconceivable.

Political issues in this state are the same today as when the voters who stood for clean government and honest administration fought socialist machinations of Townley, Liederbach, Branton and the rest of the crew whose credit record in this state should wash the farmers against ever trusting any of them with their political future.

Both Townley and Liederbach make much of the farmers' program. What have they ever done for the farmers of North Dakota except foist upon them taxes and allow stock salesmen and every kind of an adventurer and opportunist to prey upon the illers of the soil? If these are the only defenders of the farmers' program or the only candidates for leadership, then may a kind Providence temper the wind to the already shorn lamb.

The recall placed Gov. Nestos, Attorney General Johnson and Joseph A. Kitchen in power. Handicapped by the I. V. A. program, these men have made an honest effort to re-establish the credit of the state and step by step to restore conditions to normalcy. It is reasonable to suppose that both Nestos and Kitchen will seek nomination upon the Republican primary ballot. Mr. Johnson is a Democrat and it is not divulged yet whether he will seek to be returned to the same office by his own party nomination or seek a place on the state supreme bench.

But whatever the alignments, the brazen attempt on the part of Townley to foist his balance of power upon the people to save a program that is nilling up the taxes and getting the farmers nothing is amusing in the extreme. The antics of Liederbach on the other hand who was repudiated in the recall election and has every evidence of being a lame duck are equally as ludicrous.

This situation, voters of the state, is a political crisis that should rally the Republicans of the state under a definite plan to drive such political mountebanks out of power decisively.

The rank and file of the nonpartisan league are honest farmers who have suffered injustices which Townley and men had the greatest power ever given an administration to right some of these wrongs. In comparison to the remnant of power referred to by Townley and his political parasites had enough power once to do much that they promised the farmers, but they frittered away the time on side shows and allowed a bunch of self-seekers to fatten at the public trough.

Unfortunately the I. V. A. has saddled Nestos down with a program as impossible of fulfillment as the Townley program. The leaders of that mugwump organization are becoming as arrogant and dictatorial as the league crowd, so much so that many Republicans are beginning to realize that unless some strong Republican organization is perfected, the state will go from the clutches of one group of self-seeking politicians to those of another little better and just as greedy for the emoluments of public office.

The I. V. A. has served the purpose for which it was organized. By raising the hue and cry of balance of power, McKenzies and a host of other age worn and moth eaten ship-boats, its leaders hope to create in this state a machine as menacing as any Townley or his cohorts built.

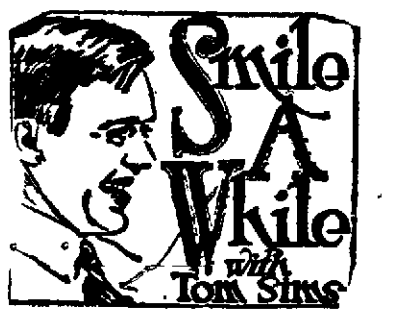

The farmers are realizing that if they had spent half the money that went into the league Utopia and side lines, in organizing themselves into cooperative units and directing their own business in their own way, conditions would have been decidedly different today.

To continue to support any of the mugwump organizations merely postpones the return to control of government by party rule and action. More progress has been made by the regularly established party control, as imperfect as it is, than by a fusion of discordant elements to accomplish the political downfall of candidates or to satisfy political grudges.

WISDOM WOMEN.

A famous medical man of ancient times states regarding his writings that they were but a collection of knowledge obtained from the "Wise Women."

Do you realize that in those times the women, and not the men, knew about the healing properties of medicinal plants, roots and herbs? From the earliest times, women had a knowledge of the treatment of disease and of the healing merit of roots and herbs.

Rheumatism

A Remarkable Home Treatment Given by One Who Had It

In the year of 1883 I was attacked by Muscular and Sub-acute Rheumatism. I suffered as only those who are thus afflicted know, for over three years. I tried remedies after remedies, but such relief as I obtained was only temporary. Finally, I found a treatment that cured me completely, and my physical condition has never returned. I have given it to a number who were terribly afflicted, even bedridden, some of them seventy to eighty years old, and the results were the same as in my own case.

I want every sufferer from any form of muscular and sub-acute (swelling at the joints) rheumatism, to try the great value of the improved "Home Treatment" for its remarkable healing power. Don't send cent; simply mail your name and address and I will send it free to try. After you have used it and it has proven itself to be that long-looked-for means of getting rid of such forms of rheumatism, you may send the price of it one dollar but understand, I do not want your money unless you are perfectly satisfied to send it. Isn't that fair? Why suffer any longer when relief is thus offered you free? Don't delay. Write today.

Notice is hereby given that by reason of default therein, that certain mortgage made and executed by John Walter and Veronica Walter, his wife, mortgagees, to the Hennepin Mortgage Loan Company (changed by amendment to the Hennepin Mortgage Company), which said mortgage is dated October 1st, 1915, and filed for record in the office of the Register of Deeds of Burleigh county, North Dakota, on the 15th day of October, 1915, in Book 118, of Mortgages, page 330, at 1:10 P. M., will be foreclosed by a sale of the premises described in said mortgage at the front door of the court house in the city of Bismarck, county of Burleigh, state of North Dakota, at the hour of one o'clock in the afternoon of the 15th day of April, 1922, to satisfy the amount due on said mortgage on the date of sale. The premises described in said mortgage and which will be sold to satisfy the same are as follows, to-wit: The East Half (E 1/2) of the Northeast Quarter (NE 1/4) of the North Half (N 1/2) of the Southeast Quarter (SE 1/4) of Section Twenty-eight (28) Township One North, Forty-one (41) Range Seventy-nine (79).

Said mortgage contains a clause authorizing the mortgagee to declare the whole sum due if there is a default, and the whole of said mortgage is hereby declared due. There will be due on said mortgage on the date of sale the sum of \$127.45.

Notice of intention to foreclose was given, as required by law, more than thirty days before the beginning of the proceedings. The default consists of the non payment of the sums of \$24.00 principal and \$158.00 interest.

Dated this 3rd day of March, 1922. HENNEPIN MORTGAGE COMPANY.

BANKRUPT'S PETITION FOR DISCHARGE AND ORDER OF NOTICE THEREON

In the District Court of the United States for the Northwestern Division, District of North Dakota.

In the matter of Elmer Josephson, bankrupt.

No. 3300 in bankruptcy.

To the Honorable Charles F. Amidon, Judge of the District Court of the District of North Dakota.

Elmer Josephson, of Wing, in the county of Burleigh and state of North Dakota, in said district, respectfully represents that on the 22nd day of December, 1921, last past, he was duly adjudged bankrupt under the acts of Congress relating to bankruptcy; that he has duly surrendered all his property and rights of property, and has fully complied with all the requirements of said acts and of the orders of the court touching his bankruptcy.

Wherefore, he prays that he may be decreed by the court to have a full discharge from all debts provable against his estate under said bankruptcy acts, except such debts as are excepted by law from such discharge.

Dated this 10th day of February, A. D. 1922.

ELMER JOSEPHSON, Bankrupt.

Order of Notice Thereon

On this 6th day of March, A. D. 1922, on reading the Petition for Discharge of the above-named bankrupt, it is

Ordered by the court, that a hearing be had upon the same on the 6th day of May, A. D. 1922, before the said court, at Bismarck, in said district, at ten o'clock forenoon; and that notice thereof be published in The Bismarck Tribune, a newspaper printed in said district, and that all known creditors of said bankrupt, and of the estate of said bankrupt, in interest may appear at the said time and place and show cause, if any they have, why the prayer of the said petition should not be granted.

And it is further ordered by the court, that the referee in charge shall send by mail to all known creditors of said bankrupt and this order, addressed to them at their places of residence as stated.

Witness The Honorable Andrew Miller, Judge of the said court, and the seal thereof, at Fargo, in said district, on the 6th day of March, A. D. 1922.

NOTICE OF MORTGAGE FORECLOSURE SALE

Whereas default has been made in the payment of the mortgage described in the mortgage heretofore described, in that the mortgagors have failed to pay past due interest, and upon such default the mortgagee has declared and does hereby declare the entire mortgage indebtedness due and payable as authorized by this mortgage, and by which the power of sale therein contained has become operative, now therefore.

Notice is hereby given that certain mortgage made and executed and delivered by Walter L. Hedwell and Mamie Hedwell, his wife, mortgagees, to Henry R. Hingon, Mortgagee, dated May 6th, 1914, and filed for record in the office of the Register of Deeds in and for Burleigh county, North Dakota, on May 27th, 1914, at 10:55 o'clock A. M., and duly recorded in Book 127 of Mortgages on page 46; and which mortgage was thereafter, on April 20th, 1915, by an instrument in writing, duly assigned by said mortgagee to A. J. Thomson, and which assignment was filed for record in the office of said Register of Deeds on April 20th, 1915, at 9 o'clock A. M., and duly recorded in Book 110 of Mortgages on page 426; and which mortgage was thereafter, on January 17th, 1918, by an instrument in writing, duly assigned by said A. J. Thomson to Robert Thomson, and which assignment was filed for record in the office of said Register of Deeds on December 28th, 1921, at 11 o'clock A. M., and duly recorded in Book 169 of Miscellaneous Mortgages on page 50; will be foreclosed by a sale of the premises in such mortgage and heretofore described at the front door of the Court House in the city of Bismarck, in the county of Burleigh and state of North Dakota, on the 21st day of March, A. D. 1922, to satisfy the amount due upon such mortgage on the day of sale. The premises described in such mortgage and which will be sold to satisfy the same are described as follows: The NW 1/4 of Sec 32, Twp. 13N, Range 75E.

And it is due on such mortgage on the date of sale the sum of Sixteen Hundred Thirty and 00/100 (\$1630.00) Dollars plus costs.

Dated this 1st day of Feb., 1922. JOHN ELLIOTT, Mortgagee.

WANTS TO PUT KRAUSE DOWN

Abe Wallace to Try and Make Him Take Ten Count

Lisbon, N. D., March 10.—Abe Wallace, Fargo boxer, in this city, said he is going to punch on March 17 "with but one idea and that is to do the so-called impossible of putting Krause down for the count of ten."

Wallace, who is claimant of the lightweight title of the Northwest, says he is training hard for the Krause bout, and has two contracts waiting to be signed if he beats Krause.

"I know Krause is very tough but I expect no trouble in beating him," said Wallace.

Wallace will stop in Bismarck on March 15.

MARKETS

RALLIES IN WHEAT. Chicago, March 10.—Rallies from yesterday's weakness developed in the wheat market today during the early transactions. Liquidating sales on the part of holders had apparently ceased. There were also indications of export business. Opening prices which varied from unchanged to 3-4 cents lower were followed later by gains all around. Although declines took place later they failed to last and with reports current that Russia and domestic millers were buying freely declines upturns came near the end. The closing, however, was unsettled at the same as yesterday's finish to 1 cent higher.

ST. PAUL LIVESTOCK. South St. Paul, March 10.—Cattle receipts 1,801. Market drabgy. Killing classes mostly steady to weak. Common to medium beef steers \$6 to \$7.75. Best load lot early \$7.35. Bulk \$6.25 to \$7. Better offerings butcher cows and heifers \$6 to \$7. Stockers and feeders dull, weak to 25 cents lower. Bulk \$5 to \$6.25. Few to \$7 or better. Bulk best lights \$7.50; some \$8. Second mostly \$4.50.

Calves receipts, 15,300. Averaging 30 to 40 cents lower. Bulk \$10.25 to \$10.50. Top \$10.65. Heavy packers mostly \$3.50. Good pigs \$10.50 to \$11. Sheep receipts 500. Steady. Best grade native lambs \$14.50 to \$15. Good and choice ewes quotable \$7.25 to \$8.25.

CHICAGO LIVESTOCK. Chicago, March 10.—Cattle receipts 3,910. Fairly active to strong. Hog receipts 27,000, fairly active, mostly 15 to 25 cents lower. Sheep receipts 15,000; slow, about steady.

BAPTISTS HEAR DR. PETERSON IN MISSION TALK

Takes Optimistic View of Position of the Church Before The World Today

CONFERENCE CLOSES

One of the four district conferences being held in North Dakota closed last night at the Baptist church with the address of Dr. Frank Peterson of Minneapolis, of the Board of Promotion of the Northern Baptist Convention. Dr. Peterson referred to the discipline experience at the lake of Galilee when the Master suggested that they let down the net for a draught of fish. He said that the Christian church has been venturing out into the deep ever since, and every time has taken a surprisingly large catch. Dr. Peterson referred especially to the missionary experience of the Baptist churches during the last 100 years. There are 25,000 missionaries in the mission lands including native workers; there are 400 converts to Christianity every twenty-four hours of every year; there are one hundred and sixty presses in China alone running twenty-four hours a day turning out copies of the Scriptures.

Dr. Peterson said he could not see but that the work of building a new world has just begun, and that God, after having done so well, would not destroy his work now, but bring it to completion with the help he has in the Christian church.

Mrs. N. J. Nelson of Grand Forks, representative of the Woman's Continuation Campaign spoke in the afternoon on the general situation of the denominational work, reviewing the activities of the various Home and Foreign fields as a reason why the women of the state should do all they can to raise their quota of the fund by April 30th.

"The beneficent budget includes 7 National Societies and Boards, 34 State Conventions, 11 Standard City Mission Societies, 52 schools, colleges and Theological Seminaries, the Convention itself, the B. Y. P. U. and other general and special interests," she said. "One-third of our American Indians are still pagan. Three million Negro children are without schools. Eighteen thousand Orientals return each year. Are they taking Christ to their own people?"

Thomas Greenfields, chairman of the Laymen's Council of the state, presented the situation from the point of view of the laymen. He reported his visit to Chicago where the laymen of the entire convention met and assumed the stupendous task of raising \$15,000,000 by April 30th. Mr. Greenfields spoke to a group of men at luncheon concerning the importance of the laymen getting under the hood locally.

Rev. Fred E. Stockton presented plans for the carrying out of the campaign.

ARMY OFFICER PRAISES GUARD IN NO. DAKOTA

Says He Finds Men in Guard of Uniform High Characters, at Federal Inspection

COMPANY "A" IS GIVEN O. K.

Praise for North Dakota men in the National Guard in general and members of Company "A," Bismarck, in particular, was voiced by Major Walter S. Fulton, U. S. A., following the federal inspection of the local company last night. Major Fulton said that he found the men in the North Dakota companies of uniform, high character and said they were the kind of men he would like to command.

Fifty-eight members of Company "A" were present for federal inspection, one more than when there was state inspection. One member is sick. Reenlisting of the company up to maximum strength will continue, Capt. Herman A. Brocopp said.

Last Spoonful Same as the First

Calumet

BAKING POWDER

is made under such exacting conditions — packed in such a scientific manner, that its leavening strength and purity never vary. It retains its original strength for months after leaving the factories.

When you tip the can to get the last spoonful, you know your baking will turn out all right—the last spoonful is the same as the first. This uniform quality of

CALUMET BAKING POWDER

is cause for its big demand. Housewives know they can depend upon the results obtained—that climatic conditions or temperature cannot deteriorate its positive leavening power.

When you buy baking powder remember these facts—that a uniform leavener means bakings that do not vary in quality—that Calumet is uniform.

A pound can of Calumet contains full 16 oz. Some baking powders come in 12 ounce instead of 16 ounce cans. Be sure you get a lb. when you want it.

Doing so we are able to so conduct our business that we may be really a service to the community, hence our motto **QUALITY, SERVICE and ECONOMY.** Quality in the sense that we are able to go into the market and buy the best for our trade. Service in the sense that we can employ efficient and courteous sales people. Economy in the sense that operating as we do on a cash basis we are always financially equipped to purchase at the best advantage and therefore supply our trade accordingly.
